HARRISBURG, PA.:
WM. STANLEY RAY, STATE PRINTER

PREFACE

The manufacture of milk products and the canning of fruits and vegetables in Pennsylvania are already extensively developed in nearly every county. They represent a large investment of capital by a great many citizens, afford local markets for an army of milk producers and horticulturists, and are from many points of view two of our most important industries.

The volume of the inquiries received concerning the manufacturers of these products has convinced me that the following list of creameries, cheese factories, condensereries and canning factories, which has been prepared at my request, will be of much public value.

N. B. CRITCHFIELD,
Secretary of Agriculture.

Harrisburg, Pa., December 1, 1914.

Hon. N. B. Critchfield, Secretary of Agriculture, Harrisburg, Pa.

Dear Sir: I submit, with the recommendation that it be published as a Bulletin of the Department, the following list of the creameries, cheese factories, condensereries and canneries in the several counties of the Commonwealth. This list, prepared at your request, has been collected and compiled through the courteous and efficient co-operation of Mr. L. H. Wible, Statistician.

Very respectfully,

JAMES FOUST,
Dairy and Food Commissioner.

List of Creameries, Cheese Factories, Milk Condenseries and Canneries in Pennsylvania, by counties. Collected and compiled by L. H. Wible, Statistician, Department of Agriculture.
